Dover DE 19903

Dear Representative:

RE: Delaware Solid Waste Authority Community Cleanup Initiative Program

Now in it's **fourteenth** year, the **Community Cleanup Initiative Program (CCIP)** of the Delaware Solid Waste Authority (DSWA) was developed to give you an opportunity to assist civic associations, non-profit groups, and other community-based organizations in your District to clean up the litter in designated areas. Last fiscal year 338 tons of debris and litter were removed under this program and disposed in our landfills. We all benefit by supporting these groups through the CCIP

This is your Fiscal Year 2013 CCIP information package. A set of guidelines and a designation memo are attached. This will make it easier for your legislative aide to help you designate funds for projects that you support. If you have any questions about the program, or need any assistance please feel free to contact me or Libby Kelley (ljk@dswa.com) at 302-739-5361.

Very truly yours,

A handwritten signature in black ink, reading "Pasquale Canzano". The signature is fluid and cursive, with the first name "Pasquale" written in a larger, more prominent script than the last name "Canzano".

Pasquale S. Canzano, P.E., BCEE  
Chief Executive Officer

Enclosure
